About This Release:

Release 1013 is now available for downloading from our website. Some important new features contained in this release are:

In First Class:

- The code lengths for teachers and students has been extended to 12 characters.
- Form lists now have the same options as class lists with regards to the inclusion of preferred names.

In A+:

- It is now possible to imports routes and reasons between A+ databases.
- "Edit Roll" has had a complete overhaul. There are many more filtering options (House and Year Level/Form) for displaying students.
- "Unmarked" is now an option in "Reasons" when editing rolls.

Any Other Ideas?

Remember, we depend on the feedback of our users to determine the enhancements to be included in our software. If you have any brilliant ideas, (or even not so brilliant, but important), give me, Robert Bakker, a call on 1300 301 931, or email me at rob@humanedge.biz.

Electronic Roll Marking Software

If you need any further information about enabling electronic roll marking in First Class, please call Gary Stoneham on 1300 550 765.

First Class			
General	Publishing to the Web	All static publishing to web now uses the standard / instead of the \ that Microsoft use. This makes these exports compatible with more browsers.	
	Editing allocations	Whenever the selection list of teachers or rooms is set to "Code only", it now sorts alphabetically by code. This applies to editing under "Allocations" and "Blocks" maintenance, and (Tools) "Timetables".	
Maintenance	Student Edit	The code length for students has been increased to 12 characters	
	Teacher	The code length for teachers has been increased to 12 characters	
	Security	"Camps" has been added under "Extras" so that staff can be given access to view Extras reports, but cannot open "Camps".	
	Extras	Advice Slip reports	
		<ul style="list-style-type: none"> • Where there is more than one for a teacher, the school name now only prints on the first Advice Slip. • You can now put a page break between teachers 	
		Extras History report	
		<ul style="list-style-type: none"> • You can select to show, all teachers, emergency (relief) teachers only or regular staff only. 	
The "Extras Left" column in the "Available Teachers" pane now shows the extras left to take in brackets instead of the number taken.			
Previously, if a camp/excursion was set up with students absent, if a class in a block had 0 students, it would not be automatically cancelled. All classes with 0 students now get cancelled automatically and the teachers become available for in lieu classes..			
There are now two additional reports for casual relief teachers. One is a period-by-period usage report, the other a printable invoice for casual teachers to check, sign and return for payment.			
Tools	Timetables – Teacher Timetables	There is an option now to show teacher extra duties on timetables. This is done in "Properties".	
A+	Reasons and Routes	These can now be imported between A+ databases.	
	Edit Roll	When filtering by student, there is a further filter (Year Level/Form) that allows you to filter by year level (select 7, 8, etc) or form (select 7A, 7B, etc).
