

English

Description

In Level 2, students participate in group and whole class speaking and listening activities. Students extend their knowledge of how language is used in a range of written and spoken texts. With teacher support and through the sharing of texts, students develop a consciousness of texts - how they are constructed and what purpose they fulfil. Students interpret and discuss the meanings of short texts. Students are encouraged to write in variety of styles using the processes of planning, composing, recording and publishing.
